

ROTARY VALVE SERIAL NUMBER

Rotary valves are provided with an engraved serial number. The location of the serial number depends on when the valve was produced and the valve type. Please see the possible locations below:

VALVES ORDERED BEFORE MAY 2020

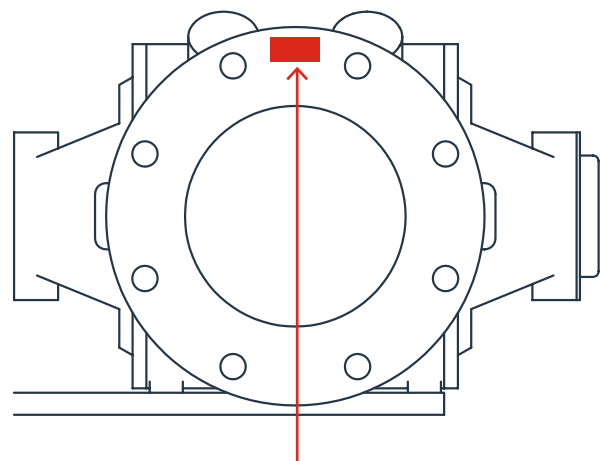

The serial number is engraved on the bearing cover.
The image below is a side view of the valve. (front view)

Location of the engraved serial number

VALVES ORDERED FROM MAY 2020 ONWARDS

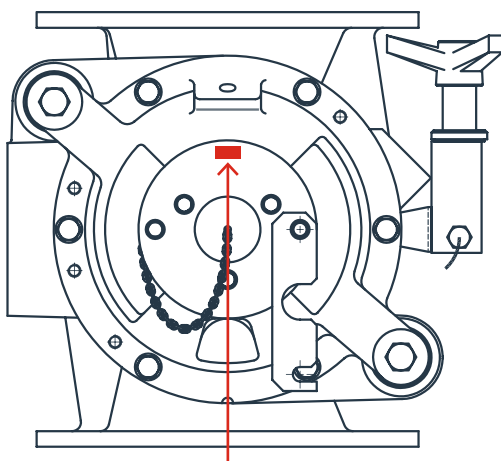

The serial number is engraved on the inlet flange, between the bolt holes. Shown on the image below. (top view)

Location of the engraved serial number

MZC VARIANTS

For MZC variants, the serial number is engraved on the bearing cover. Shown on the image below. (front view)
